How to get from the Vienna International Airport, Schwechat (VIE) to Natural History Museum

Flughafen Wien/
Vienna Airport

By Train and Metro (Fastest and Most Convenient):

1. **From Vienna Airport Terminal:**
Take the **City Airport Train (CAT)** or **S-Bahn S7** heading towards Vienna city center.
 - **CAT** takes about 16 minutes to Wien Mitte station (more expensive, no stops).
 - **S7** is slower (~25 minutes), cheaper, and stops at multiple stations including Wien Mitte.
2. **At Wien Mitte:**
Change to the **U-Bahn (subway)**.
Take **U3 (Orange line)** towards **Ottakring**.
3. **At Volkstheater Station**
Exit the metro here (this is the closest station to the Natural History Museum).
4. **Walk to the Museum:**
From Volkstheater, it's about a **5–7-minute walk** to the Natural History Museum Vienna, located at **Maria-Theresien-Platz** near **Burgring 7**.

CITY Airport Train (CAT)

NOTE: CAT is more expensive than the S7, this is why the platform for S7 is sometimes “hidden” after the CAT platform ... so you have to pass the CAT and go to the end of the platform if you want to use S7 as the cheaper version

- Take the **CAT** from Vienna Airport to Wien Mitte station (16 minutes, €12 for a single ticket)
- From Wien Mitte, transfer to the U3 (orange line) of the U-Bahn towards Ottakring
- Get off at Volkstheater station

Total time: ~35-50 minutes

Total cost: ~ 15 euros to get to Wien Mitte (with CAT) and then 2,5 or 8 euros (24 hours ticket) for the metro/public transport within Vienna
